

SECURITIES LITIGATION COUNSEL

The New York City Law Department (the “Department”), on behalf of the New York City pension funds, retirement systems, and retirement savings plans, seeks to establish a pool of appropriately qualified law firms to, upon request, serve as counsel in securities litigation matters. Counsel in the pool may recommend and participate in recovery efforts both in the United States and abroad. The Department seeks to enter into contracts with several law firms that may be asked, from time to time, to evaluate potential litigation and/or serve as litigation counsel to the pension funds in accordance with selection processes described in the RfX. Law firms with expertise in securities litigation, especially litigation on behalf of public pension funds, are encouraged to request a copy of the RfX and to submit a proposal in response.

An electronic copy of the RfX may be obtained, beginning June 1, 2026, by sending an email to jmoss@law.nyc.gov. Completed proposals are due no later than 5:00 pm on July 6, 2026. Questions about the RfX or about the pre-proposal conference, to be held via remote conference on June 15, 2026, at 2:00 pm, should be directed to Jessica Moss, Senior Counsel, by email to jmoss@law.nyc.gov or phone at (212) 356-2216.
